Upholding Our Mission

Dear Royal Oak Families:

These two critical questions appear at the top of the agenda when our district leadership team meets:

- Is it good for kids?
- How will it improve student learning?

They are the questions I challenge each person in our district to ask as they make decisions, whether it is a decision which impacts a few children today, or a decision that might impact thousands of children for years to come, the questions remain the same:

- Is it good for kids?
- How will it improve student learning?

Our mission as a school district is to “create a world-class system for learning by building active partnerships among students, educators, families, and community”. Day by day, decision by decision, we are accomplishing this. Today in our schools, we are delivering world-class instruction. In our planning for the 2015-2016 school year and beyond, “world-class” is the standard for we which strive.

As a Royal Oak resident, I know how valuable our schools are in our community. The life-long relationships formed by neighbors through involvement in our schools are at the core of what make Royal Oak a special place to live. It is the strength of our schools that helps propel Royal Oak to the top of community desirability rankings (see page 8). It is the strength of our schools that keeps home prices high and our residential real estate market among the best in Michigan.

Whether you currently have a child enrolled in Royal Oak Schools, will be enrolling a child (see page 6), or are a community member without school-aged children, I am grateful for your partnership with our schools. Together, as a community, we have and will continue to focus on what is good for kids and what improves student learning.

Thank you,

Shawn Lewis-Lakin
Superintendent of Schools
Royal Oak High School to Host Open House & Personal Project Celebration

Royal Oak High School (ROHS) will host its Annual Open House **Monday, March 30, 2015 from 6:00-8:00 p.m.** The event will highlight a variety of opportunities for incoming students, while showcasing programs in academics, visual and performing arts, as well as the athletic program.

In addition, the event will feature the first 10th grade Personal Project Celebration. As a candidate for the International Baccalaureate Middle Years Programme (MYP), ROHS is piloting the Personal Project, which is the culmination of the MYP experience for students. Personal Project work began in September with 10th grade students working with supervising teachers and mentors to plan and design a project of their own choice that was created over the winter months. Most projects required an average of 25 hours of work and research to complete. During the course of the projects, students wrote process journals and reflections, communicated with teacher supervisors via Google classroom, and wrote or created audio/video reports on their completed projects.

These projects will be displayed at the Open House and will also be adjudicated by a team of ROHS teachers. Students will receive recognition at graduation and on their transcripts for their projects.

ROHS Student Organizes Benefit Concert

Royal Oak High School (ROHS) Sophomore Tess DeWilde Kohler organized a benefit concert for the Croswell-Lexington School District Band Program. The benefit represents her International Baccalaureate Middle Years Programme (MYP) Personal Project.

The MYP Personal Project is a project based learning experience that each 10th grader at ROHS is invited to complete. “This is just one example of the wonderful independent projects that students at ROHS are working on,” said Karamia Gutierrez, MYP Coordinator.

Kevin Czarnik, Band Director of the Croswell-Lexington School District, did his student teaching at ROHS. Tess, whose family has a cottage in Lexington, learned that many of the school’s instruments were damaged and there were no funds to repair them. Therefore, for her Personal Project she decided to raise funds to repair the instruments, as well as purchase new instruments.

The benefit concert, which took place in December at the first United Methodist Church, included performances by the ROHS Brass Quintet, Woodwind Quintet, Wind Ensemble, Mr. Czarnik and ROHS Band Director Dave Jensen. Nearly $1,000 was raised and donations are still coming in from community members.

Record Number of Royal Oak High School Students Achieve Success on High Stakes Advanced Placement Exams

A record number of Royal Oak High School students achieved the CollegeBoard distinction of “Success” on the over 450 Advanced Placement (AP) exams taken in the Spring of 2014. According to the CollegeBoard, who administers the AP program, “Success on an AP Exam is defined as an exam score of 3 or higher, which represents the score point that research finds predictive of college success and college graduation.”

These 200 students will enter college with the possibility of having credit for these AP classes added to their college transcripts. Finally, Royal Oak High School students topped Michigan averages in Spring 2014 in the percentage of students achieving a score of 3 or better on an exam, with Royal Oak High School at 69% and the state of Michigan average at 66.5%.
ROHS Interact Students Offer Service for Service

“Service for Service” is the phrase used by Royal Oak High School's Interact students as they raise funds for their second international service trip in Costa Rica this June.

Over a dozen students are determined to spend part of their summer working in an orphanage and in wildlife preservation during their two week trip, but to complete their international service they’re ready to do still more service here at home.

“It’s a pretty simple approach,” says club advisor Steve Chisnell. “Our students will do any number of service projects for individuals around town, and they will accept any donations given for the trip.” Each of the students hopes to raise about $2,400 for the two week experience, a trip patterned after larger service trips sponsored by their parent organization, Royal Oak Rotary.

While the skills of the high school students are limited, they are ready to assist in any number of projects, including babysitting, pet care, yard work or snow shoveling, meal delivery, etc. While there are recommended donations for service, any support is welcomed.

“The club traveled to Guatemala two years ago,” says club president and senior Casey Linenberg. “They distributed medicine, installed water filters, and taught in schools.”

The Costa Rica experience, however, will find the students spending most of their time in building projects in the rural Orosi Valley. Later they will work in sea turtle conservation along the Gulf coast. For most students, this will be their first experience out of the country.

This trip, the club’s second at an international level, complements an eight-year record of local and national level service projects by the high school group, which has over 120 members. It annually supports local programs like South Oakland Shelter, Salvation Army, Forgotten Harvest, Greening of Detroit, and dozens of others in both donations and hands-on service. The club also sponsors an annual national relief trip in February to support towns devastated by hurricanes and tornadoes. Its school coffee shop and student union makes monthly charitable donations to local and state charities.

“Trips like this aren’t always just about the service,” says Chisnell. “I’ve traveled with students internationally for 15 years, and it’s clear one of the greatest educations is immersion in a different culture, in living with families, speaking a new language, testing their own limits.”

The club is also running a series of bottle drives and working with Royal Oak Rotary for additional trip funding.

Want to support the students? Contact them at interact@royaloakschools.org for ideas and requests! Find out more about the club at www.chisnell.com/interact or follow them on Twitter: @rohs_interact.

ROHS Senior Named National Merit Finalist

Congratulations to Royal Oak High School’s 2015 National Merit Finalist Erin K. Lynn.

Only 15,000 nationwide finalists are chosen each year. These 15,000 finalists are selected from an applicant pool of over 1.5 million students and represent less than one percent of U.S. high school seniors. Students are named by the National Merit Scholarship Corporation based on outstanding academic performance on the Preliminary SAT/National Merit Qualifying Test taken as a junior.

Erin is the daughter of John and Julie Lynn. Erin is involved in Model UN and a member of the Orchestra.

She has used the opportunities available at Royal Oak High School to complete Advanced Placement coursework, which provide students the opportunity to complete college level courses while attending high school.

As a finalist, Erin is among the academically talented high school seniors who has an opportunity to earn a National Merit Scholarship. More than half of the finalists will win a National Merit Scholarship, earning the Merit Scholar title.

2014-2015 ROHS Enrollment For New Students

Students who reside in the Royal Oak School District, but are not currently enrolled in a Royal Oak School, should contact the Royal Oak High School Principal’s Office to schedule a tour at 248-435-8500, Ext. 1078.

How to Enroll

For students not currently attending Royal Oak Schools, enrollment for ROHS takes place at the district enrollment office located at 800 Devillen. For information about the district enrollment process, click on the Enrollment tab at www.royaloakschools.org or call Barbara Sparks at 248-435-8400, ext. 1260.

The website provides step-by-step instructions and all the necessary forms required to complete your new student enrollment. You may complete the student pre-enrollment form online or download and print.

For additional information, see the article on Enrollment/Registration Required Documents (page 51). Please note that a transcript is required for high school enrollment.

After district enrollment paper work is completed, students will meet with a ROHS counselor, who will review their academic progress and work with the student and his or her family on course selection. For additional information regarding ROHS, call 248-435-8500, Ext. 1078.

Royal Oak School District Teachers and Students Embark on Journey of Virtual and Blended Learning

Royal Oak Schools is providing the latest virtual classroom tools to all of its students and teachers, as well as a variety of virtual course options for students in grades 6-12. Through online resources, students are creating and sharing their work with tools such as Google Classroom, and teachers are gathering input from students and sharing feedback through tools like Socrative.

The 21st Century Classroom in Royal Oak

Royal Oak students in grades Kindergarten through high school are utilizing online collaboration tools to enhance their learning, increase achievement, and to have fun engaging in class activities. Students and teachers across all nine of Royal Oak's schools are using exciting new tools, such as Edmodo, Wiki, Show Me, Educreations, Screencastify, Google Classroom, E2020, Moodle, and Socrative, just to name a few.

“A lot of these virtual collaboration tools feel like second nature to our students,” said Sarah Olson, the District’s Executive Director of Teaching and Learning, “thanks to the professional commitment of our teachers and, particularly, the District’s Technology Integration Specialist, Allyson Dewar.”

Dewar shared what she sees going on in Royal Oak classrooms, stating, “Technology integration isn't something you write into a lesson plan. It is a part of everyday learning in the classroom, like paper and pencil. Royal Oak educators do a magnificent job of combining content, pedagogy and educational technology to provide rich, meaningful, real-world learning experiences for their students. Students are engaged, thinking differently, and taking ownership of their learning. It is very exciting and powerful.”

“My teacher is flipping my class!”

What does it mean when a Royal Oak student comes home and says this? It means that their teacher is going to begin housing essential instructional resources online, allowing the teacher to spend more time in class working with students, answering questions, and individualizing instruction. Royal Oak Middle School math teacher, Jeff Couzens, will be one of the first teachers in Royal Oak to officially “flip” some of his classes, beginning in the fall of 2015. Couzens will use either Edmodo, Google Classroom, or Schoology to make available 24 hours per day class notes, lectures, videos, and any other instructional guides a student would need. He has already begun to create the tiered and individualized instruction and assessments that he will work on with his students shoulder-to-shoulder in his classroom. This is one of the greatest benefits of the flipped classroom: more time for the teacher to spend working with students in the classroom. Students in these classes will have a traditional schedule.

Blended Learning at Royal Oak High School

Blended learning is a mix of virtual learning and face-to-face learning. Four teachers from Royal Oak Schools have joined the Oakland County Blended Learning Leadership Team. The purpose of this team is to identify best practices in classroom instruction, especially in the context of emerging technology and virtual collaboration. Through special guidelines from the Michigan Department of Education, Royal Oak Schools will apply for a Seat Time Waiver, allowing a few classes to be scheduled at the high school level in which students do not need to be present everyday. A handful of Royal Oak High School classes will be scheduled as blended classrooms in the Fall of 2015. This spring, eligible students will receive more information about how to sign up. Enrollment in these classes will require parent and student signatures, acknowledging the attendance and participation policies for these classes. The benefits of blended classrooms include project-based learning opportunities and independent study options. Much of the class content and expectations are housed online, and, in most cases, students will be expected to log in, post, or publish work on a daily basis.

Ben Roeder, Royal Oak Schools’ Supervisor of Secondary Education states, “What I really like about blended learning is that it ensures that every student really participates in their own learning and allows each student to fully demonstrate their learning and their ideas.”

Royal Oak High School Performance

The Mackinaw Center for Public Policy publishes a “Context and Performance (CAP) Report Card” for High Schools. They recently published their 2014 report, which is based on MME scores from 2010, 2011, 2012, and 2013. This report attempts to place achievement scores into a socioeconomic context, using the percentage of students who are eligible free or reduced price lunch to establish the context.

The report produces a CAP score for each school. A CAP score of 100 is a school performing at its predicted level. A score above 100 indicates a school outperforming its demographics; a score below 100 indicates a school underperforming its demographics. The CAP score for Royal Oak High School is 103.55, which indicates that Royal Oak High School outperforms its demographics. The chart at right shows how this score compares to the scores of some neighboring area high schools.

The report assigns a “B” grade to Royal Oak High School’s CAP score of 103.55. Other schools receiving a “B” are Birmingham to Groves High School and Athens High School in Troy. While this is just one analysis by one organization, it is another indicator of the positive impact our schools are having.
Royal Oak Schools Hosts International Baccalaureate Teams

Royal Oak School District and three of its schools will host teams from the International Baccalaureate Organization (IBO) in March. Keller Elementary, Royal Oak Middle School, and Royal Oak High School are preparing to showcase their International Baccalaureate courses and programs to IBO review teams as part of their ongoing work to achieve and maintain formal authorization from the IBO.

As an IBO Primary Years Programme (PYP), Keller Elementary received its initial authorization from the IBO in the Spring of 2011, and will host a team this March to reauthorize and maintain its IB programming and curriculum for students. The IBO’s Middle Years Programme (MYP) is a five year program that includes grades six through ten. Royal Oak Middle School houses grades six through eight of this program with the final two years in grades nine and ten at Royal Oak High School. This March, both schools will host a team for authorization for this single MYP program that spans both schools.

In line with the mission and standards of the highly-regarded IBO, all three schools have re-designed their curriculum into one that develops the intellectual, personal, emotional, and social skills of their students so that they can be successful and competitive in their future work, which is becoming increasingly international. The IB has a hard-earned reputation for high standards of teaching, pedagogical leadership and student achievement.

The International Baccalaureate Classroom in Royal Oak

The IB classrooms at Keller, Royal Oak Middle School, and Royal Oak High School utilize the best and most current research-based teaching practices to promote the highest level of learning and achievement for all students. These include project-based learning, inquiry, questioning, and student engagement. Lessons in these classrooms focus on challenging our students to become learners that are knowledgeable, caring, balanced, open-minded, and reflective, to name of few of the characteristics in the IB’s Learner Profile.

Royal Oak Highlights Student Work in Two International Baccalaureate Exhibitions

Both the PYP and MYP offer students the opportunity to demonstrate their learning through formal and public exhibitions of student work. Roughly 100 tenth graders will present their Personal Project on March 30th at 7:00 pm at Royal Oak High School. Fifth graders from Keller Elementary will hold their annual Student Exhibition at Keller Elementary on June 4th at 6:00 pm.

Career Technical Education at ROHS

Royal Oak Schools offers a variety of Career and Technical Education programs for high school students. These programs are designed to prepare youth for a broad range of employment and are offered under the guidance of certified teachers, counselors, and cooperative education coordinators. The following is a list of programs currently being offered on site at Royal Oak High School:

- Health Sciences
- Graphic Communications
- Drafting/Design Technology (C.A.D.)
- Marketing Sales and Services
- Finance & Financial Management Services
- Business Administration Management and Operations
- Radio and TV Broadcasting Technology

In addition to the Career and Technical programs offered on-site at Royal Oak High School, Royal Oak High School students have the opportunity to enroll in programs housed at Oakland Schools Technical Campuses (OSTC). Programs available to Royal Oak Students at these campuses include the following:

- Biotechnology
- iTeam
- Cosmetology
- Construction
- Culinary Arts
- Engineering
- Health Sciences
- Transportation
- Visual Imaging

All of our Technical Education programs, those offered at Royal Oak High School and at Oakland Schools Technical Campuses, provide students the opportunity to earn articulated college credit with a variety of post-secondary institutions.

Any form of discrimination or harassment can be devastating to an individual’s academic progress, social relationship and/or personal sense of self-worth. As such, the Board of Education does not discriminate on the basis of race, color, national origin, sex (including sexual orientation or transgender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information (collectively, “Protected Classes”) in its educational programs or activities.

The Board also does not discriminate on the basis of Protected Classes in its employment policies and practices as they relate to students, and does not tolerate harassment of any kind.

Equal educational opportunities shall be available to all students, without regard to the Protected Classes, age (unless age is a factor necessary to the normal operation or the achievement of any legitimate objective of the program/activity), place of residence within the boundaries of the district, or social or economic background, to learn through the curriculum offered in this district. Educational programs shall be designed to meet the varying needs of all students.

For additional information, students and families may contact the Royal Oak High School Student Services Center (248-435-8400, Ext. 1075) or Patrick Wóynski, Executive Director for Staff and Student Services (248-435-8400, Ext. 1504).
Young Oaks Before and After School Child Care

Royal Oak Schools offers fee-based before and after school child care for school-aged children at each of the six elementary schools. The Young Oaks Latchkey Program emphasizes a comfortable, supervised atmosphere that includes activities that will enhance the child’s physical, social and academic growth.

The program is fully licensed by the State of Michigan and follows all of its guidelines. The staff is fully trained in CPR and first aid and receives additional appropriate in-service training throughout the year.

We offer care before and after school, as well as on most vacation days. In addition, summer camp is available during the summer break. For a nominal additional fee, parents can purchase “inclement weather” coverage in the event that schools are closed for an unpredictable reason.

For more information regarding the fee structure of the Young Oaks Program, call Nancy Soik at (248) 288-3220, Ext. 3561.

Enrollment Procedures

Parents may enroll students at our centralized location. Pre-enrollment paperwork may be completed online.

**District Central Enrollment Office**
800 DeVillen, Royal Oak

**District Office Hours:** Monday - Friday, 7:30 a.m. - 4:30 p.m.

**Enrollment Office Hours:** Monday - Friday, 7:30 a.m. - 4:00 p.m.
Enrollments need to be started by 4:00 p.m. to allow time for the completion of enrollment process by 4:30 p.m. when the office closes.

Barbara Sparks, Enrollment Coordinator
(248) 435-8400, Ext. 1260
Fax: (248) 280-2591

To register a child for school, parents should bring the following with them to the Enrollment Office:

**Enrollment/Registration Required Documents**

- **2 Proofs of Residency**
  - Lease Agreement (plus page with landlord and tenant signatures)
  - Mortgage Statement (within last month)
  - City Assessor’s Tax Statement (current year)
  - Current Utility Bill or Cable Bill (within last month)
  - Notarized Affidavit of Residence if living in someone else’s home/apartment
    - This person’s driver’s license and two proofs of their residency
  - Driver’s License (of parent or guardian)
  - Birth Certificate (original or certified copy with raised seal)
  - Immunization Records
  - Vision Screening Required for Kindergarteners
  - Court documents, if applicable (guardianship, foster care, etc.)
  - High School requires transcript at time of enrollment
  - Enrollment packet paperwork must be completely filled out. It can be downloaded at www.royaloakschools.org, click “Enrollment”, or it is available at the district Enrollment Office or any school building.

- **Please bring:** Emergency contact names/phone numbers, physician’s name/phone number, and previous school name/address/phone and fax numbers

New Location

District Offices now located at:
800 DeVillen, Royal Oak 48073
Your Schools Revenue and Taxes

Michigan voters approved Proposal A in 1994. Since that time, the primary source of operating revenue for local school districts has been the State of Michigan. Through a variety of mechanisms, the state collects state-wide taxes for schools and then redistributes that money back to the schools in each community, primarily through a per student funding formula.

Chart A (top right) shows how funding from our state to our Royal Oak Schools has fared over the past eight years.

Current per student funding for general operating expenses provided to Royal Oak by our state is $652 per student less than it was in 2008-2009. This comparison is in real dollars; the general operating funding decrease is even greater when calculated in inflation adjusted dollars.

When Proposal A shifted school funding from local communities to the state, it severely limited the ability of local school districts to raise revenue for operating expenses. Royal Oak citizens have approved Hold Harmless Millage (state-limited supplemental operating funding last approved in 2013), Sinking Fund Millage (for capital projects, approved in 2012) and Debt Millage (last approved in 2005).

Chart B (bottom right) shows how locally determined school millage rates have been steady or declining for the past five years.

The Royal Oak community has a strong history of approving initiatives designed to support and improve education. Unfortunately, Proposal A eliminated the ability for local voters to significantly impact general operating fund revenues for local school districts. Royal Oak voters have done what can be done locally. Whether our schools can begin recovering from the financial hardships of the past decade now appears to be tied to the state-wide road funding proposal on the May 5, 2015, election ballot. Please take the time to learn about this vote and all that it might mean for our state, our roads, our schools, and our community. See additional information on the May 5, 2015 election on page 39.
Activity Gold Card Available for Seniors

The Royal Oak School District presents its Senior Activity Gold Card, a complimentary pass for Royal Oak residents ages 60 and over. This complimentary pass will be renewable every three years.

Benefits

The Gold Card includes free admission to:

- Athletic Events (except state sponsored tournaments)
- Drama Programs & Dance Shows
- Vocal & Instrumental Music Concerts
- Evening Recreational Swim at Royal Oak Middle School

Applications are available at the Churchill Community Education Center, 707 Girard, Royal Oak. For additional information, please call (248) 588-5050.

Royal Oak Tops Another List as #1 Place to Live in Michigan

Royal Oak is the #1 place to live in Michigan according to the latest report by AreaVibes.com. Assigning a Livability Score for each city, AreaVibes ranks more than 20,000 communities across the United States. The Livability Score is made up of various metrics including: amenities, cost of living, crime rates, education, employment, housing and weather.

Royal Oak was categorized as “exceptionally livable”. The report noted high graduation rates, lots of local amenities, and low crime rates. To view the ranking of Michigan cities, go to www.areavibes.com/best-places/Michigan/

“Strong schools, a strong community, a strong environment for business: In Royal Oak, we understand what it takes to be a community of excellence,” said Shawn Lewis-Lakin, Royal Oak’s Superintendent of Schools. “As a Royal Oak resident, I am proud that Royal Oak’s “A” grade in education is a critical component in our community being ranked as the most livable community in Michigan.”

Instructional Swim Program

Registration:
Tuesday, February 24, 5:15-6:30 p.m. at Royal Oak High School Pool Entrance

If classes are not filled on this date, registration will continue at the pool prior to the start of the first lesson.

First Date of Winter Lessons:
Saturday, March 7, 2015
Royal Oak High School Pool

Lesson Dates: March 7, 14, 21, 28; April 18, 25; May 2, 9, 16

Classes:
Training Program for Competitive Swimmers, Ages 7-17
Boys & Girls, Ages 6-14
Tiny Tots, Ages 3-5 (without parent)
Tiny Tots, Ages 1-5 (with parent, 6-week class)
Adaptive Swim, All Ages (min. 5 lessons)
Individual Lessons, Available to Children & Adults (min. 5 lessons)
American Red Cross Life Guard Training
Tuesdays, March 24, 31; April 14, 21, 28; May 5, 12, 19; and May 26 and June 2 at Royal Oak Middle School

Spring Evening Recreational Swim Program

Monday, March 9 through Thursday, June 11, 2015
Royal Oak Middle School

Monday & Tuesday Evenings:
7:00-8:15 p.m. Children & Adults
8:15-9:30 p.m. Adults Only
(Lap Swimming)

Thursday Evenings:
6:30-7:45 p.m. Children & Adults
7:45-9:00 p.m. Adults Only
(Lap Swimming)

Fee:
$5.00 for everyone over 5 years of age.
Seniors are free with school district Senior Citizen Gold Card (available at Churchill Continuing Education Center).

Discount Cards are available at Open Swim locations for $40 (10 visits).

Pools are closed during school breaks and whenever school is not in session due to inclement weather or other emergency.
